## My Mision in 2022

### Mission

My mission is to be a full stack developer. I believe this journey is difficult but not possible.

### Vision

Vission is the most important of my web development journey. After 7 years, I want to be CEO of my own Software firm.

### Goals

Innovative is the most interesting topic to me. I want to dedicate my experience to develop a system for waste management to keep clean my city clean.

## View My Project

Here I include some of my projects so that you can know about my skill and passion. You can download them and can use them for your own purpose. But, it's not free!!

### How To Extend Your Mobile Phone Battery Life

We all know how frustrating it is to see your mobile phone's battery drain too fast, especially when you need it the most. There's no denying the fact that a phone's battery life is one of the most common problems people face with their smartphones.

### How Collaboration Make us Better Designers

The concept of the solitary creative genius is a myth. When I first began as a designer, I felt like my designs had to be complete before I could show them to anyone.
